

How To: Download Training Data and Use I-TMS

What this presentation will do for you!!!

- This presentation will show you how to download your training data from the **I-SAN** and how to use the **I-TMS** system to view that data.
- First you must install the latest version of **I-TMS Version 6.003**.
- **Look** at each step in this presentation, minimize, and then **do** that action using the I-SAN and I-TMS.

1 April 2002 *****ATTENTION ALL I-TMS USERS*****

The International version of the Training Management System (I-TMS) is now available to all International users who are registered users of this system. If you wish to have the International TMS program (I-TMS Ver 6.0) mailed to you, please contact Mr. Aaron Prince at DISAM: Tel (937) 255-8186, E-mail aaron.prince@disam.dsca.osd.mil

18 October 2000 --- ATTENTION ALL USERS ---

We have just established a new International Training Management web site at DISAM. It provides access to all S.A. training publications, policy messages, training articles, legislation, lessons on Int'l Training, and other site links. It can be accessed from the Main Training Menu on the ISAN or at the following URL address:

http://disam.osd.mil/intl_training/intl_tng_mgt.htm

23 June 2000 --- ATTENTION ALL USERS ---

We have changed the location of the ISAN to standardize it with other systems. The URL you use to get to ISAN should still work. The best URL to use is [HTTPS://SAN.OSD.MIL/ISAN/LOGIN?](https://san.osd.mil/isan/login?). However, if you have any bookmarks for pages within ISAN, you will probably have to change or redo them. If you have any questions, please contact Mike A [@san.osd.mil](mailto:mike.a@san.osd.mil)

STL data elements are explained on following 2 slides

STL Data Explained

COUNTRY STL – Name of Country STL.

PY or **FMS Case** – Identifies the IMET program year or FMS Case funding the training.

IA – Identifies the **U.S. MILDEP** Implementing Agency for the training.
B=Army, D=Air Force, P=Navy.

WCN – Worksheet Control Number. Identifies the training sequentially. Each WCN is a specific student. Suffixes are: @=Language line, A=1st MILSVC training line, B=2nd MILSVC line, etc.

MASL ID – Military Article and Services List identifying number. B=Army, D=Air Force, P=Navy.

Title – An abbreviated Course Title.

SC -- Student Code that identifies type of student. O=Officer, E=Enlisted, C=Civilian.

Course Number – The Military Service course number.

LOC – Location code that identifies the training activity.

DUR -- Duration of course in weeks.

ECL – The required English Comprehension Level (ECL) for the course. 0 to 100, SA=Spec Eng Tng (SET) advised, SR=SET required, OP=Oral Profic Interview (OPI) required, SO=SET & OPI required, OA=OPI required & SET advised.

STL Data (Cont'd)

CRS COST – Course Cost. The tuition price for the training.

TLA – Travel and Living Allowance cost.

TOTAL – Total Cost. Sum of preceding two amounts.

REPORT – Date student is to report at the training location.

START – Date student is to start training.

END – Date student is to complete training.

QTR – Quarter. Quarter in which the training is desired. Quarters 1-5, 5th quarter is for IMET only.

PRI – Priority. Identifies the priority of the training in the IMET program.
A=100% of funded program, D=authorized over programming of 10%, B=E-
IMET training in 5th quarter.

FS – Funding Status. Identifies the status of funding for the training.

QTY – Quantity. Normally one student per training line.

PO – Program Originator. Identifies the student's **Country military service**.

WV – Waiver Code. Identifies the kind of waiver required for IMET funding.

1. Admin Information

2. General Information

The United States Armor Center and School is located at Fort Knox, about 30 miles from Louisville, Kentucky in historic Hardin County. Fort Knox - the Home of Mounted Warfare - has served as a US military reservation since 1918. During this time it has played a key role in the development of military tactics, doctrine, and equipment, and has been an integral part of the training establishment for the active Army and Army Reserve. Fort Knox, with its newest buildings rising alongside its historic structures continues to move forward to take its place in the heartland of Kentucky and in the front rank of military posts in the United States. With continuous range upgrade, receipt of new missions such as the U.S. Army Recruiting Command in 1992, and outstanding simulation facilities, Fort Knox will continue to be a leader in the Army of the future.

International Students are administered by the International Military Student Office (IMSO).

B. Student Arrival / Departure

Early reporting is a must for all students bring their families due to the amount of time needed to locate suitable housing. Security Assistance Officers (SAO) should ensure that the International Military Student Office is notified at least five days prior to the students arrival, in order to arrange for the student to be properly greeted at the airport. Failure to notify the International Military Student Office will cause delays in getting the student settled comfortably. Ideally, the student should arrive some time Monday thru Friday before 1200 hours EST, to ensure the student is completely in-processed before the weekend (i.e., ID card, cooking utensils, etceteras.) IMS are frequently requested to make presentations about their home country/army. They may wish to bring traditional clothing, artifacts, postcards, and books which may assist them during those times

Students should arrive at Louisville International Airport, Louisville, Kentucky 40221, located 31 miles from Fort Knox
