The Air Force Security Assistance Training (AFSAT) Squadron updates the USAF Security Assistance Training User's Guide on an as needed basis. This guide is intended as a reference for use in planning, scheduling, and managing the Security Assistance Training Program (SATP) and other cooperative programs, which are governed, by SATP rules and regulations. If the information in this guide conflicts with official policy or current directives, the latter should be followed. Any questions or recommendations for changes to this guide should be addressed to AFSAT/TO, 315 J Street West, Randolph AFB TX 78150-4354.
